MOD-02 · MOBILITY

Car Onboarding Solution

Paperless vehicle onboarding and minor-claims automation, powered by AI video damage assessment.

WITH DEZZEX · PILOT CLIENT: ORIENTAL INSURANCE

// 01 — FROM PAPER TO VIDEO

Built for customers who skip the counter

Today's renters are tech-savvy, brand-agnostic and want fast, fair service without in-person steps. The current process gives them the opposite.

Today

5-7 MIN INSPECTION

- ✕ Hunt for deals, then book a cab or arrange delivery
- ✕ Physical damage assessment in person
- ✕ Multiple paper documents to sign
- ✕ Slow, unclear minor-damage claims

With the solution

~1 MIN AI CHECK

- ✓ Download the app and pick an offer
- ✓ Record a short video of the car's condition
- ✓ AI assesses damage; the video stays viewable online
- ✓ Fixed pricing for minor new damage

THE DIGITAL JOURNEY

01 Book & pay in the app

02 Record a pickup video

03 Drive

04 Record a drop-off video

05 New damage? Pay a fixed fee and go

// 02 — BENEFITS & ROI

Inspection in a minute, claims in a tap

DAMAGE ASSESSMENT TIME

~~5–7 min~~ →

1 min

AI reviews the customer's video instantly — no inspector, no paperwork.

- ✓ Self-service booking & assessment
- ✓ Flexible pickup & drop-off locations
- ✓ No physical visits
- ✓ Instant damage assessment
- ✓ In-app claim filing, fixed pricing
- ✓ New customer acquisition
- ✓ Smart Pass integration
- ✓ Customer trust in minor claims

TECHNOLOGY PARTNER

Dezzex

AI startup automating damage assessment across auto-industry segments, with local support and insurer integrations for fast claims.
